

\$SYND Staking Tutorial

PancakeSwap

There exists a total of 11 staking pools for the initial staking rewards pool. This particular example will illustrate the steps for staking via the SYND / BNB pair. There are three main steps to participate in the staking program. First, you must connect to the BSC network on your metamask wallet, provide liquidity to the SYND/ BNB pool on Pancakeswap, and then stake your SYND-BNB-LP- token into our platform.

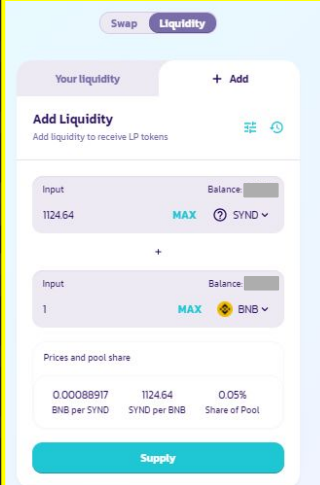

1. Connect to BSC Network:

- a. Download MetaMask*
 - i. Download the MetaMask wallet to your phone or Chrome/Firefox browser from metamask.io
- b. Add Binance Smart Chain Network to MetaMask
 - i. Refer to [BSC News](#) for additional information on adding the Binance smart chain network to your MetaMask wallet.

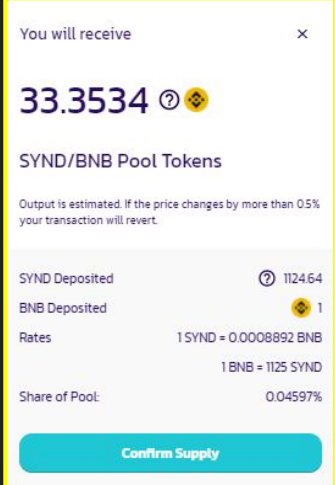

2. Provide Liquidity on PancakeSwap:

- Go to the PancakeSwap **SYND / BNB liquidity pool**
- Connect your wallet via MetaMask and make sure you are on **Binance Smart Chain Mainnet**.
- Enter the amount of SYND and BNB that you want to provide for liquidity.
- Approve and Sign the transaction
- Confirm the supply and sign the second transaction.
- PancakeSwap will then mint the SYND-BNB-LP tokens to your wallet.

The image shows the 'Add Liquidity' interface on PancakeSwap. At the top, there are tabs for 'Swap' and 'Liquidity', with 'Liquidity' selected. Below this is a section titled 'Your liquidity' with a '+ Add' button. The main heading is 'Add Liquidity' with a subtitle 'Add liquidity to receive LP tokens'. There are two input fields: the first is for 'SYND' with a value of '1124.64' and a 'MAX' button; the second is for 'BNB' with a value of '1' and a 'MAX' button. Below the inputs, there is a section for 'Prices and pool share' showing '0.00088917 BNB per SYND', '1124.64 SYND per BNB', and '0.05% Share of Pool'. At the bottom is a large blue 'Supply' button.

The image shows the 'You will receive' summary screen. At the top, it says 'You will receive' with a close button. The main display shows '33.3534' followed by a question mark icon and a BNB icon. Below this is the title 'SYND/BNB Pool Tokens'. A note states: 'Output is estimated. If the price changes by more than 0.5% your transaction will revert.' The summary lists 'SYND Deposited' as '1124.64' and 'BNB Deposited' as '1'. It also shows the 'Rates' as '1 SYND = 0.0008892 BNB' and '1 BNB = 1125 SYND'. The 'Share of Pool' is listed as '0.04597%'. At the bottom is a large blue 'Confirm Supply' button.

3. Stake LP Tokens:

- Visit <https://syndex.finance>
- Connect your wallet via MetaMask and make sure that you are connected to **"Binance Smart Chain Mainnet"**
- Got to the SYND-BNB Staking Pool and click **"Approve"**
- Enter the Stake Amount you wish to stake. You can simply click 'Max' to put all your available LP tokens under this pool. Click 'Approve' to approve transferring LP tokens in your wallet.
- Click 'Stake' and confirm the staking transaction on your MetaMask
- Once the staking transaction goes through you will be able to check your LP Token Staked and SYND Earned.
- Claim SYND rewards
